

The New Age Of Portable Fuel Cells

GaltTec makes small and powerful electric power sources using our proprietary fuel cell technology.

Our compact and high-power fuel cells meet the unique needs of industries seeking sustainable and efficient energy sources for portable or off-grid devices.

GaltTec VS batteries

- Long use time
- Instant refueling

GaltTec VS other fuel cells

- Can be optimised to any fuel
- Works in all conditions
- Shock resistant
- Fast startup

GaltTec VS internal combustion engines

- No moving parts
- Cleaner exhaust
- 2x more efficient
- Quiet

At 1 kW power output	Batteries (LiPo)	Other fuel cells (PEM)	GaltTec fuel cell H2	GaltTec fuel cell ethanol
Use time per 5 kg	60 min	80 min	100 min	900 min = 15 h
Fueling options	30+ min charging	H2 refueling	H2 refueling	Ethanol refueling
Operating conditions	-20...+30°C	-5...+40°C	-20...+60°C	-20...+60°C

Get Started Today

With a focus on customer feedback, we tailor our solutions to address your specific needs, ensuring seamless integration.

Contact us now to learn more about how GaltTecs fuel cells can transform your industry and drive your success.
